I design places that are felt before they are understood. From site analysis to AutoCAD drawings, from study models to workshop prototypes, I work with material, light and detail for the people who will live in the space.

Education

2023 – 2027

École Bleue, Paris

Global design, 3rd year in 2026–2027, after a foundation year. Interior architecture, product design and graphic design.

School projects

Le Moulin des Loges · conversion, hospitality

Converted a salt-marsh mill into a holiday home for four with an independent shop: brief, plans, sections, axonometry, perspectives.

No Name store · retail, 363 m²

Designed a two-level sneaker store around a double-height space: site analysis, plans, sections, perspectives.

TOAD · furniture

Designed a stackable stool for a furniture brand: 1:10 and 1:5 models, technical drawings, renders.

Mufasa · sheet metal table, prototype

Designed and built a sheet metal side table in the workshop: cutting, folding, assembly, painting.

Musée de la Vie romantique · wayfinding

Created the sign and entrance wayfinding for a Paris museum, from drawing to on-site mock-ups.

Experience

Summer 2026

Client host · Maison Schiaparelli, Paris · 3 months

Welcomed and guided an international, high-end clientele in French and English, to haute couture service standards.

2023

Lettings assistant · Oralie estate agency, Lyon · 1 month

Led apartment viewings, drafted leases and followed up rental applications.

2019

Observation internship · Xanadu Architecture & Urbanisme, Lyon · 1 week

Took part in project meetings and site visits; modelled a project in 3D.

Also event host: Samsung pop-up store (2025), Keyence robotics fair (2023).
